#### **Notts RR, Retford Race 4 - 14th July 1999**

The Notts Summer Road Racing League moved to Retford for the fourth event of the series but despite the distance to the course a full turn out of Redhill runners ensured that the club would be in for another successful evening. Unfortunately there was one absentee, Andy Tarry the club's and county's leading runner who, was suffering with a slight injury from the sidelines, which made the race wide open.

The hot evening ensured a steady start and it wasn't until the second mile that a group of seven runners, including four from Redhill, broke clear. Alan Smith was making the pace and eased away from the group, followed by Alaster Stewart, at around the half way point. The gap to the chasing group remained at around 50 metres until Andy Weatherill and then Eamonn Hyland joined the leading two ensuring that the Redhill spectators were treated to the sight of four Redhill runners running side-by-side at the head of the race passing the four mile marker.

Andy, in hard training for the Veterans World Championships Marathon in August, made a concerted effort in the final mile to break clear and took Alaster with him. The two battled it out for the whole of the final mile with Alaster content to sit and wait. Entering the final 400 metres, Andy made another effort and momentarily broke clear but rounding the final bend, Alaster [produced a startling turn of pace, reminiscent of the days of old when Coe or Ovett would effortlessly destroy their opponents by moving into a higher gear].....(only a joke Steve, you can replace that bit with the following) used his track speed to sprint clear by 2 seconds. Andy who pushed Alaster all the way in the finishing

straight finished a fine second and must surely have a good chance of a high finish in the World Championships. Alan came in around 80 metres behind, just shaking off Eamonn, who himself is in hard training for the Robin Hood Marathon in September, to complete a clean sweep of the top four places for Redhill.

Other good runs from Redhill members ensured that the club won the Senior mens race and consolidate their position at the top of the league. The male Veterans are involved in a tight battle for the overall league title with Mansfield but a full turnout from one of the country's top Veterans teams should secure the win they deserve. The top three places in the individual rankings also belong to Redhill with Andy strengthening his place at the top over Alan with Alaster moving quietly up into third.

Ann Ford, Helen Burrell and Helen Cawthorne also made a successful and winning day out for the excellent Redhill ladies team.

It was also a pleasure to see Steve Humber racing again after a couple of months out with a serious back problem. The former Great Britain short track speedskater was a little disappointed with his run but it was a solid performance and the signs are there in training that he will soon be back to the form he was showing when he won the County 1,500m championship in May.

The league is concluded in a months time in Sutton in Ashfield when the club hope to win all the team titles, repeating their success of 1997.
