

Competition **Nottinghamshire Cross Country Championships**
Date **Saturday 8th January 2000**
Location **Chesterfield, Derbyshire**

On the largest , wettest, most wind swept hill in Derbyshire a depleted Redhill had yet another successful day at the office.

Well done also to our favourite vets **Andy Wetherill** and **Helen Burrell** for both winning their respective vet sections in excellent style. .

Senior Men's Team = 3rd

Date **Saturday 15th January 2000**
Location **Markeaton Park, Derbyshire**

With the men's team missing a number of runners due to a few serious injuries (ie Paul Newton, Andy Tarry, Alan Smith, Steve Humber, Mark Powell) it was almost certain that this race meant that the Senior Mens title would not be retained.

Competition **Midland Veteran Cross Country Championships**
Date **Sunday 23rd January 2000**
Location **Moorways Stadium, Derbyshire**

Well done to our favorite vets **Andy Wetherill** and **Helen Burrell** for both winning in excellent style. Andy stormed the men's M40 race while Helen gained her first championship in the women's F35 section.

Competition **Midlands Counties Cross Country Championships**
Date **Saturday 29th January 2000**
Location **Wollaton Park, Nottinghamshire**

The course of one small, one medium, one large and an extra large lap was perhaps unnecessary disorientation. However it was still a good, testing course, which felt like the advertised 12K distance.

The men's A team improved on last years position by four places to finish **10th** overall.

Just as pleasing was the clubs turnout of 20 runners, more than any other club in the race.

Congratulations to the Ladies team who won the ladies Cross Country title for the first time since 1993. However in this last race of the series we saw both the senior men's and veteran men's teams loose their titles.
